

The Highest Standards. The Happiest Customers.

I was introduced to Spyce kitchens through a common friend four years ago and since then there has been no looking out for another vendor for kitchens. Murali and his team stands tall with professionalism, integrity and being ambitious. When work is handed over to Spyce Kitchens, I am rest assured that even an inch of detail is taken care of with precision to the clients' needs and satisfaction.

- Ar. Anupama, Acanthus

We have used the services of Spyce kitchens in a couple of our projects and the women in the home are quite happy. We thank Murali H.N. and his team for understanding the requirements of the owners and then submitting a design which enhances the dream of the user and deliver the same on time. Kham design definitely endorses the services of Spyce kitchens.

"Spyce Kitchens" is the perfect place which offers the solution for the ladies to reach their Man's Heart & a delight of variety for the Architects like us. I have personally experienced his products & services for my projects. I'm glad to mention this that I have no regrets & would love to refer them to all my upcoming clients too. I would call Spyce Kitchens as "PEOPLE'S BRAND" & Mr. Murali as "BRAND AMBASSADOR" for Quality, Comfort & Elegance.

- Ar. Aniket Sirpotdar, Managing Partner, Dsign Plus

Our kitchen, wardrobes and utility area cabinets are all done by Spyce Kitchens about four years back. Till date we have not faced some of the common problems everyone is facing like alignment, spacing, peeling off in edges, termites or ants problems. We are very much satisfied about their workmanship, designing, planning and mainly pricing also. They even spoke to our builders to do small changes which have helped us a lot in its utility and ergonomics.
